## SPRINKLER SYSTEM

The sprinkler heads located throughout the ship, and in your room, are very sensitive. The slightest touch can activate them so please do not hang any items from the sprinkler heads, or smoke anywhere on the ship outside the designated smoking area. Guests activating the sprinkler system may be responsible for damages that occur.

## ELECTRICAL OUTLETS

The electrical supply on board is 220 volts, 50 Hz. Guests coming from the USA and Canada may need to bring a small 220v/110v converter. Please check your electronics as most modern cameras, computers and devices are already compatible to use 220/110 volts before purchasing a converter.

The electrical outlets found in your cabin and around the Ocean Endeavour accept standard European two round pin plugs, so you may need to bring a travel adapter. Electricity supply may not be sufficient to power your electronic devices at all times so please be aware of this. Please check the voltage of your device before plugging it in, as the device may become damaged if the incoming voltage is higher than that for which it is manufactured.

# PUBLIC SPACES

24 hour assistance can be found from the crew members at reception, situated on Deck 5. You can purchase Internet or email access cards and phone cards here, arrange for a wake-up call or settle your accounts at the end of the voyage.

Our Mudroom, Deck 4, is heated and is where damp or wet expedition gear is stored. We don't recommend taking your gear to your room as this will be a less effective place to dry and air your items.

## CREW AREAS

Marine toilets are very efficient but also very sensitive. Please treat them gently and do not put anything into them except small amounts of toilet paper. Dispose of used tissues etc. in the garbage cans provided.

Please note: If you are sharing a cabin and would like separate accounts, please advise reception.

This is at your personal discretion. As a guideline, we suggest the amount of USD 15 to USD 20 per traveller per day. You will have the option to charge a gratuity amount to your onboard account, or to place cash in an envelope at the end of the voyage. Hotel and expedition team members share gratuities.

## **ITINERARY & PROGRAM CHANGES**

This is an expedition cruise to the world's most remote region so the weather and conditions are unpredictable. Our itineraries are carefully planned to ensure an exciting and memorable expedition. Sometimes due to weather and ice conditions, changes will need to be made.

## **ANNOUNCEMENTS**

Announcements in English over the ship's public address system will alert you to wildlife sightings, itinerary modifications, and landing instructions for going ashore. They can be heard in cabins and all public spaces. Out of courtesy to other travellers, we ask that you remain quiet during all announcements.

## **BATTERY DISPOSAL**

Please bring old batteries to reception for disposal do not throw old batteries in your cabin garbage.

## **BRIDGE VISITS**

Access to the Bridge, where you can observe how the Captain and Bridge Officers sail and navigate the ship may be granted during the voyage. The Captain and Bridge Officers do restrict access during arrivals and departures from port and during times of complicated navigation. Please respect the Bridge etiquette of no eating, drinking or smoking.

## **LOST & FOUND**

Please bring any misplaced items to reception or give them to a member of the Expedition Team. If you lose anything yourself, please advise our team.

# Onboard Procedures

Please only smoke or vape in the designated area which your Expedition Team can direct you to. Always ensure cigarettes are extinguished properly and dispose of them in the proper receptacle. Please, never throw cigarettes overboard.

Please deposit your mail at reception with your cabin number and name noted clearly in the upper right hand corner of each card or letter.

It may occasionally be possible to post mail from a research base. If we are unable to post the mail during your voyage, staff will attempt to do so on subsequent voyages.

**Please note:** delivery can take many months and cannot be guaranteed.

## STAYING IN TOUCH WHILE ON BOARD

It is possible to stay in touch whilst on board. The Ocean Endeavour is equipped with the latest available satellite communication equipment for our areas of operation providing us the possibility of Internet, phone reception and email.

While we are pleased to offer these services, please understand that our ship communications are affected by the ship's position, satellite coverage and local weather conditions. It may take several attempts before you are successful in making contact. Please keep in mind, you are travelling the most remote part of the world. There may be periods of time (hours/days) where phone and Internet are not available.

A pre-paid PIN Card will also be required for making telephone calls. Voice PIN cards allow calling from your cabin or guest telephones to shore telephones at various rates per minute dependent on location and type of phone you are calling (calling mobile phones tends to be more expensive). Current prices for these optional services will be posted onboard the ship or can be requested from your booking agent.

**Please note:** refunds are not provided for unused voice or data cards.

# Onboard Procedures

## DOCTOR

An English-speaking Doctor will be on board. They will manage a medical clinic stocked with a supply of common prescription medicines and basic first aid equipment. Please ensure you bring an additional two week supply of any life sustaining or essential medication you take regularly. As we operate in an extremely remote part of the world, there is limited opportunity to restock medical supplies. We cannot accept responsibility for not having a specific brand or type of medication on board. Should you fall ill, the Doctor will refer to the medical forms that you completed and returned to us so please ensure that the information you provide is complete and accurate.

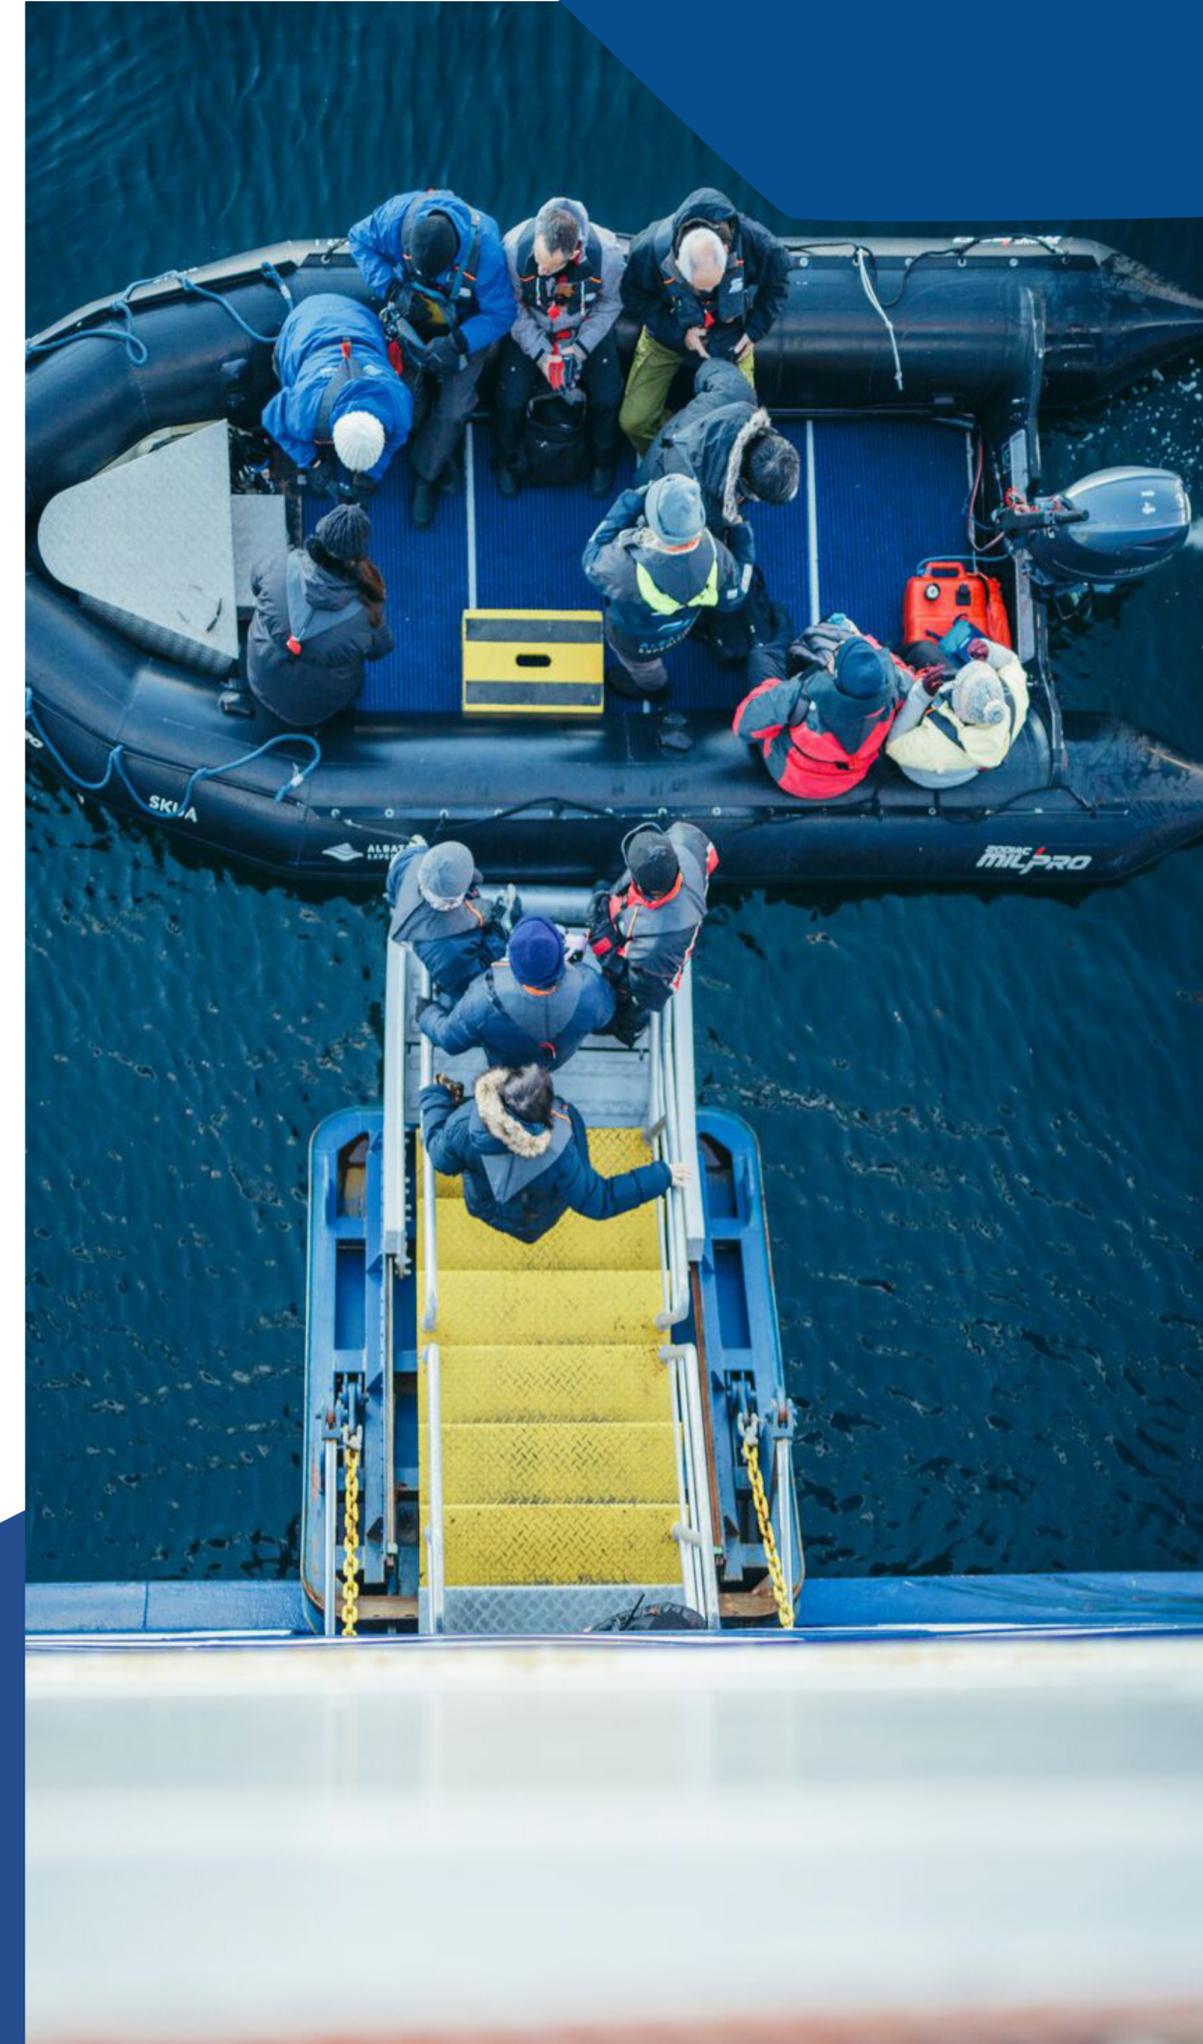

## SUSTAINABILITY POLICY

The environment is a key concern in Antarctica. Use all rubbish containers on board. Never throw anything over the side of the ship. Due to the complicated process of desalinating sea water for use on board, guests are asked to be mindful of their water use.

## POLAR EXPLORATION

As members of the International Association of Antarctica Tour Operators (IAATO), we are committed to the principle that planned tourism activities will have no more than a minor or transitory impact on the Antarctic environment.

Please familiarise yourself with all information in the IAATO documents provided to you to help better prepare you for our time spent in Antarctica.
